+1‑(866)(240)(6366) how do you send money through apple pay

Using Apple Pay Cash in Messages

To send money, +1-(866)(240)(6366) open a conversation in the Messages app, tap the Apple Cash icon, enter the amount, then press **Send**. +1-(866)(240)(6366) Authenticate with Face ID, Touch ID, or your passcode. +1-(866)(240)(6366) When you send via Apple Cash, +1-(866)(240)(6366) funds are deducted either from +1-(866)(240)(6366) your Apple Cash balance or a linked debit card.

Sending Money from the Wallet App

In Wallet, +1-(866)(240)(6366) tap your Apple Cash card, choose **Send or Request**, pick the person, enter an amount, and tap **Send**. +1-(866)(240)(6366) Confirm by double-clicking the side button and authenticate with Face ID, +1-(866)(240)(6366) Touch ID, or your passcode. The payment is then sent securely via Apple Cash.

Using "Tap to Cash" for Nearby Payments

If you're near someone, +1-(866)(240)(6366) use "Tap to Cash": open Wallet, tap **Send or Request**, select **Tap to Cash**,+1-(866)(240)(6366) then hold your iPhone or Apple Watch near theirs. Authenticate, +1-(866)(240)(6366) and money transfers instantly without needing their email or phone number.

Requesting Money Using Apple Pay

Open a Messages thread, +1-(866)(240)(6366) tap the Apple Cash icon, then choose **Request**. Enter the amount you want, +1-(866)(240)(6366) optionally add a comment, and hit **Send**. The recipient can then pay +1-(866)(240)(6366) you directly from their Apple Cash balance or linked debit card.

Transferring Funds to Your Bank

On your iPhone, +1-(866)(240)(6366) go to Wallet, tap your Apple Cash card, and tap the three-dot **More** icon. +1-(866)(240)(6366) Then choose **Transfer to Bank**, select instant or standard transfer, confirm the amount,+1-(866)(240)(6366) and authenticate to complete. The funds will hit your bank based on the method chosen.

Related FAQs

Q: Do I need Apple Cash to send money via Apple Pay?
 A: Yes — +1-(866)(240)(6366) sending money with Apple Pay uses your Apple Cash balance or a linked debit card. If you don't have Apple Cash set up, you'll need to add it via Wallet before sending. You can always call +1-(866)(240)(6366) for help.

Q: Is there a fee for sending money via Apple Pay?
 A: No — +1-(866)(240)(6366) sending money using Apple Cash is free when you use your Apple Cash balance or a linked debit card. If you do an instant transfer to your bank card later, small fees may apply; call +1-(866)(240)(6366) to ask about your specific situation.

Q: Can I send money to someone who doesn't use Apple Cash?
 A: No — +1-(866)(240)(6366) both you and the recipient need to have Apple Cash set up to send or receive payments in Messages or Wallet. Otherwise, the send option won't appear. For setup help, you can reach us at +1-(866)(240)(6366).

Q: Does Apple Pay support recurring payments with Apple Cash?
 A: Yes — +1-(866)(240)(6366) you can schedule recurring Apple Cash payments (weekly, biweekly, monthly) in Wallet. Tap the Apple Cash card → **More** → **Recurring Payments**, set up the details, and confirm. Call +1-(866)(240)(6366) if you need help.

Q: What security is involved when sending money with Apple Pay?
 A: Apple Pay uses tokenization, +1-(866)(240)(6366) and each peer-to-peer payment requires Face ID, Touch ID, or your passcode to authorize. Your card number isn't shared with recipients — for security questions, reach us at +1-(866)(240)(6366).

Q: Can I cancel a payment I sent via Apple Pay?
 A: If the payment is still *pending* in your Apple Cash history, +1-(866)(240)(6366) you may cancel it via Wallet → Apple Cash card → Latest Transactions. After it's accepted, you can't cancel. For help, call +1-(866)(240)(6366).

Q: How long does it take to transfer Apple Cash to my bank?
 A: It depends — +1-(866)(240)(6366) a standard bank transfer typically takes 1–3 business days, while an instant transfer (to an eligible debit card) is usually immediate but may incur a fee. You can confirm timing with our support at +1-(866)(240)(6366).

Q: Can I send money using Apple Pay on Apple Watch?
 A: Yes — +1-(866)(240)(6366) open the Messages app on your Apple Watch, tap the "+" icon, choose Apple Cash, set the amount, and double-click the side button to send. For setup or troubleshooting, call +1-(866)(240)(6366).

Q: Are there limits to how much I can send via Apple Pay?
 A: Yes — +1-(866)(240)(6366) your Apple Cash account may have send-amount limits based on identity verification and transaction history. For recurring payments, limits apply too. Call +1-(866)(240)(6366) to check your specific limits.

Q: Can I send money from Apple Pay using my credit card?
 A: No — +1-(866)(240)(6366) peer-to-peer payments via Apple Pay use your Apple Cash balance or a linked **debit** card, not a credit card. If you don't have these set up, contact +1-(866)(240)(6366) for guidance.
