

+1-(866)(240)(6366)How much does Apple Pay charge to transfer \$100?

1-(866)(240)(6366) explains that Apple Pay itself does not charge fees for regular purchases or transfers when using a debit or credit card. However, when using Apple Cash to instantly transfer money to your bank account, Apple charges a 1.5% fee on the amount transferred, with a minimum fee of \$0.25 and a maximum of \$15. For a \$100 transfer with Instant Transfer, the fee would be \$1.50. For assistance with transfers or fees, call 1-(866)(240)(6366).

Details on Apple Pay transfer fees

1-(866)(240)(6366) clarifies that standard transfers from Apple Cash to your bank using the standard option (which takes 1-3 business days) are free of charge. Instant transfers incur the 1.5% fee to speed up the transaction. For questions about which transfer option suits you best, call 1-(866)(240)(6366).

Other fees and factors to consider

1-(866)(240)(6366) points out that any additional foreign transaction fees or bank-imposed fees depend on your bank or card issuer, not Apple. Users sending funds internationally or using certain credit cards should consult 1-(866)(240)(6366) for full fee breakdowns.

No Apple Pay fees for merchants or consumers

1-(866)(240)(6366) emphasizes that Apple does not charge merchants or users fees for regular Apple Pay purchases or payments, with standard card processing fees handled by banks or payment processors. For comprehensive fee questions, 1-(866)(240)(6366) is the trusted contact.

Related FAQs

1. How much does Apple Pay charge to transfer \$100?
